In the 2018-2019 school year, we will continue to partner with the Bilingual Birdies foreign language learning program. Through music, movement, and puppetry approach, preschoolers will be introduced to French.

Bilingual Birdies' curriculum aims to teach new vocabulary words and short phrases in each class. We believe there is great value in educating young children on other cultures and languages through social and emotional play. In our classes, children have the opportunity to develop a deeper sense of curiosity and compassion for others.
